Dear Verna - April 1, 1984

I am so sorry to hear about Walter's death - Aunt Vernona wrote me a brief letter - I do wish I had known he was sick maybe I could have done or said something to make it easier for you.

I only met him one time but liked him immediately - He seemed such a fine man in his own quiet way - He was out numbered by women - some extremely loud and noisy (me).

Please know that we send you and your family our deep sympathy and love -

Betty

and in our hearts

Hays and Betty W.
